Forecast for Thursday 15 Sep 2022

Weather: Any mist and fog will clear quickly through the morning, leaving a dry and bright start to Thursday. There will be some scattered cloud throughout the day, with a few light showers at times, but plenty of sunny intervals, particularly in the south. Isolated mist and fog patches may form again overnight into Friday morning.

Chance of cloud-free hill tops above 800m: 80%

Low Cloud and visibility: Poor visibility in any early mist and fog, which may cover some slopes and summits as it lifts and clears through the morning. Cloud will generally be above the summits throughout the day, but may cover tops above 800m for a time during the morning and late afternoon, or in any showers. Otherwise good visibility expected.

Meteorologist's View

UV will be moderate in any prolonged sunny spells. Feeling colder than recent days, with the brisk breeze.

Forecast for Friday 16 Sep 2022

Weather: Any early mist or fog will clear, leaving another dry and bright day. Some light showers possible through the morning, but likely drier by late afternoon. Scattered cloud throughout the day, but plenty of prolonged sunny intervals.

Maximum wind: Northwesterly 15-20mph with gusts up to 30mph.

Chance of cloud-free hill tops above 800m: 90%

Low Cloud and visibility: Poor visibility in any early mist and fog, which may briefly cover some slopes and summits as it lifts and clears through the morning. Cloud will be above the summits throughout the day, but may briefly cover tops above 800m in any showers. Otherwise good visibility expected.

Temperature: **Valleys:** Plus 7 Celsius, rising to Plus 16 Celsius.
At 800m: Plus 4 Celsius, rising to Plus 7 Celsius.
Freezing level: Above all summits.
